

SUPERIOR MaxiCAT

Let's go places together

Maximise your cargo potential!

A big CAT for big loads.

Superior Shuttles offer heavy-duty, waterproof trailers with a fiberglass body that is modern looking and low maintenance by design. Our range of CATs have been created to be both fun and functional, and geared to any work, leisure or lifestyle, need and situation.

When you need to maximise your carrying capacity with oversized cargo our MaxiCAT is built for purpose. Large split rear doors with ramp access combined with functional wood paneled siding makes transporting a breeze.

Simply Superior!

Are you looking for a modern looking fibreglass shuttle trailer that keeps all your equipment safe?

The Superior MaxiCAT is clearly the best in its class. This durable, waterproof trailer is stylish in looks and low in maintenance by design. Fibreglass is rust and corrosion proof, it has its own fibreglassed timber bracing. The smooth finish stays clean while scrapes and bumps can easily be repaired making fibreglass the ideal material to use for shuttles.

Our trailers are aerodynamic and perfect for tradespeople, contractors, event managers, sports clubs or use it as a mobile office or workshop. Our range of designs make Superior Shuttles both user friendly and cost effective for transporting equipment in style. Bodies can be matched to your brand or business colours. Purrfect!

Fully secure, waterproof, lockable with a superior choice of colours to fit any style
